

OLD HOUSE WINTER PREP CHECKLIST

❄️ Prioritize the winter projects that matter most, from first freeze to fire snow ❄️

BEFORE THE FIRST FREEZE

- ☐ Heating system is ready
- ☐ Vulnerable pipes are protected
- ☐ Exterior faucets are prepared
- ☐ Gutters and downspouts are clear
- ☐ Major roof/water problems are addressed
- ☐ Doors and windows are reasonably weather-tight
- ☐ Smoke and carbon monoxide detectors work
- ☐ You know where your water shutoff is

NOTES

BEFORE THE FIRST BIG SNOW

- ☐ Storm windows are installed
- ☐ Snow shovel and ice melt are ready
- ☐ Problem tree branches are addressed
- ☐ Emergency supplies are stocked
- ☐ Basement and attic have been checked

SAVE FOR A FUTURE PROJECT

- ☐ Drafty windows that need repair
- ☐ Attic insulation improvements
- ☐ Larger air-sealing projects
- ☐ Masonry repairs
- ☐ Other old-house projects you've been putting off
